Instructions for the notebook page:

- Color the pieces on Notebook Template B.
- Color the trunks of all the trees on the Main Page the same. All 3 rows are the same scene at different times.
- Rip small pieces of green tissue paper and ball them up. Create enough pieces to cover the tops of all the trees.
- Cover the top of the first tree with glue and then press the balls of tissue on.
- Repeat this process for each tree.
- Using small beads or buttons (to represent fruit), attach them to the trees. Section 1 should have the fewest amount of fruit. Section 2 should have more fruit. Finally, section 3 should have plentiful fruit.
- Take the toothpicks and cut or break them in half. Have enough toothpicks to make a fence in front of each set of trees. We used 10 half toothpicks per fence.
