

PRECIOUS POSSESSIONS

Craft Instructions

Yisra'el's Camp Numbers 2

Materials:

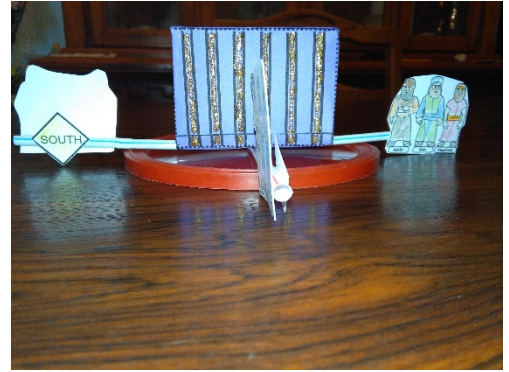

- Card stock - purple
- Card stock - white
- A lid about 5" to 6" (12½ cm - 15¼ cm) in diameter no larger
- Optional: a *Styrofoam* plate (only use the center)
- Coloring pencils, crayons or markers
- Drinking straws (2)
- Brad (paper fastener)
- Tacky glue or hot glue
- Gold dimensional paint
- Craft Templates: A & B

Parent/Teacher preparation:

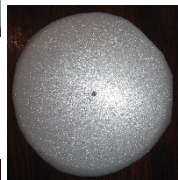

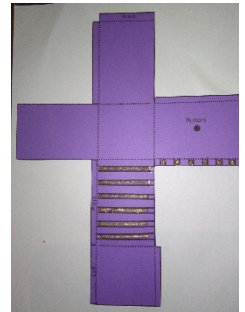

- Print Craft Template A on purple card stock. If you do not have purple card stock, print Craft Template A on white card stock and color all 4 sides and top of the Dwelling Place purple. Do NOT color the bottom.
- Print Craft Template B on white card stock.

Instructions for the craft:

- Cut the Dwelling Place along the solid lines. Do NOT cut through the dotted lines, these will be your folding lines.
- Using gold dimensional paint, fill in the vertical strips along the front of the Dwelling Place as well as the small sections on the side bottom that match.
- Set it aside to dry.
- Color all the pieces on Craft Template B.
- Cut out all the pieces on Craft Template B. It is NOT necessary to cut on the line for the 12 tribes.
- Set them aside.
- Poke a hole through the center of both straws so that the brad can be pushed through it.
- Set them aside.
- If using a *Styrofoam* plate, cut the center circle so that there is a 5" to 6" (12½ cm - 15¼ cm) diameter circle.
 - Poke a hole through the center of the circle.
- If using a lid, poke a hole through the center.

Note: There will be no video for this week's craft.

PRECIOUS POSSESSIONS

Craft - page 2:

Instructions for the craft cont'd:

- Check to make sure the Dwelling Place is dry.
- Poke a hole through the circle on the bottom of the Dwelling Place.
- Fold along all the dotted lines on the Dwelling Place.
- Bring the back of the Dwelling Place to the left side of the Dwelling Place. Put a little bit of glue on the tab and glue in place.
- Push a brad through the hole in the bottom of the Dwelling Place from the inside.
- Then, push the brad through the holes of the straws so they make a plus sign (+).
- Finally, push the brad through the hole on the *Styrofoam* or lid circle.
- Open the brad's legs to fasten in place.
- Put glue on the outside left bottom and the inside side tabs.
- Bring the Dwelling Place down so that the bottom is glued to the left bottom tab and making sure to move the side tabs out of the way.
- Take the side tabs and bring them up the front and back of the Dwelling Place. Use one hand on the inside of the Dwelling Place and press to glue in place.
- Put glue on the tabs at the tops off the front, back and left side of the Dwelling Place, then bring the top down and glue in place.
- Make sure that there is a straw coming straight in front and back of the Dwelling Place and one going from side to side.
- Match the group of tribes with the position marker e.g.: Asher, Dan and Naphtali go with the North marker.
- Glue each group to the corresponding place on the straw.
- Then glue the direction marker to the back of the group. Use the coloring page as a guide for where North, South, East and West correspond to the way the Dwelling Place is facing.

This is a visual representation of how the camp was set up for the Yisra'elites to travel. Everyone had a designated job and place. For next week's parsha we will be using this same craft and adding to it.
