Materials:

- Copy paper
- Coloring pencils or crayons
- Scissors
- Paper plate (2)
- Paint - blue
- Brad (paper fastener)
- Craft Template A

Parent/Teacher preparation:

- Print Craft Template A on copy paper.
- Cut out the piece marked A1 and use it as the template to create the hole in the plate with the rainbow.
- Trace the shape for the opening on the first paper plate, leaving a $1\frac{1}{2}$ " (4 cm) border.
- Cut out the center piece. See P1 to the right below.
- Trace the ark (A2) onto the second paper plate and cut it out. See P2 to the right below.

Instructions for the craft:

1st paper plate (see P1):

- Color the ark any color (we chose brown).
- Paint the bottom half blue to represent water and allow it to dry.

2nd paper plate (see P2):

- Color the top rim with colors of the rainbow. Remember ROY G BIV? (red, orange, yellow, green, blue, indigo, violet).
- Under the rainbow, along the wiggly lines, color the plate green and brown to represent Mt. Ararat.
- Below the green and brown, color a blue line to represent water and some rain drops and murky sky.

Assembly:

- Poke a hole in the center of both plates and use a brad to attach them together with the ark on top. They will rotate showing the storm and the rainbow.
