Instructions for the notebook page cont'd:

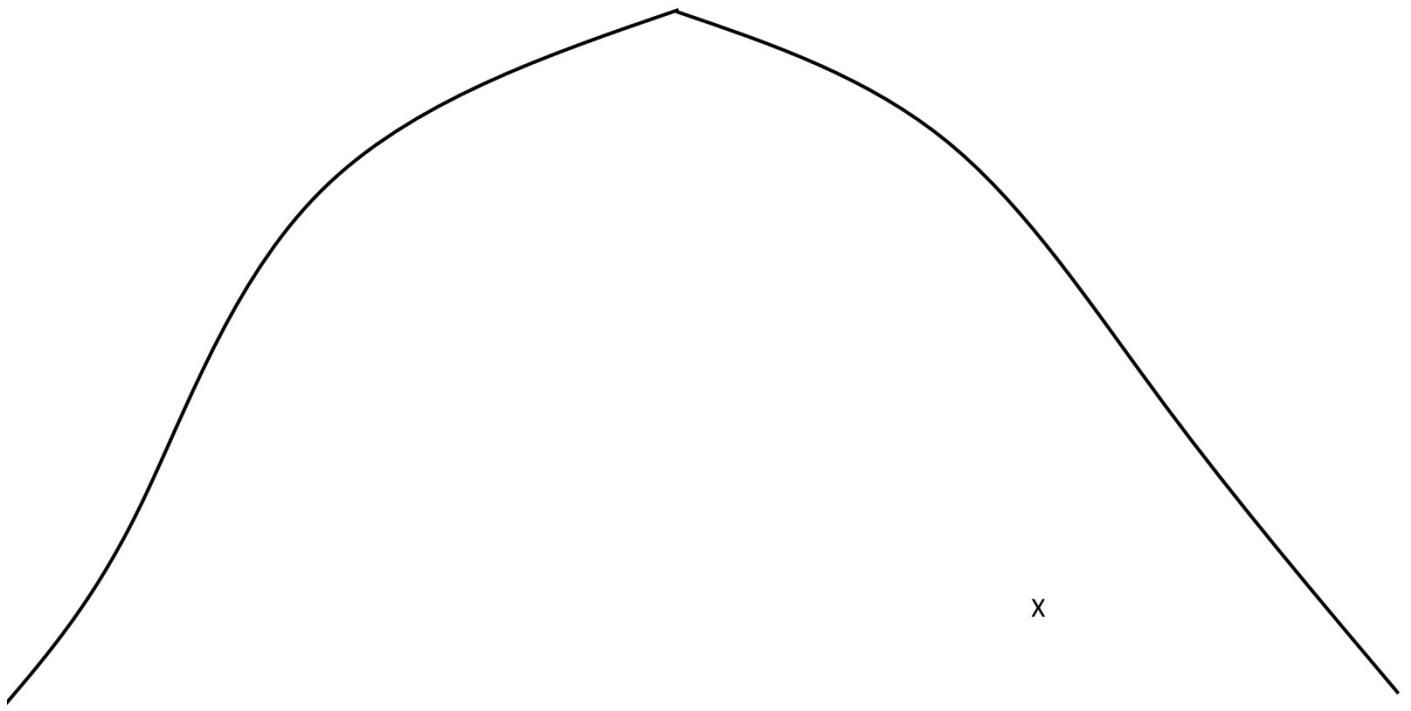

- Insert a brad through:
 - 1) one arm
 - 2) the hole in Mosheh's shoulder area
 - 3) through the other armOpen the brad, making sure the arms are able to move. Mosheh should be able to lift his arms towards his face.

- Using red, orange and yellow tissue or construction paper, make small flames that can attach to both the leaves and around the letters.
- If using cellophane, put it over the letters.
- Glue a small piece of foam to the back of the bush.
- To assemble the Main Page, glue the bush on the 'x' located on the mountain by putting a dot of glue on the foam piece.
- Glue Mosheh's feet to the 'x' located at the bottom of the page. The rest of Mosheh will be loose so that his arms can move freely.
- Put the sandal on his foot and the rod in his hand.

The scene can be acted out where Mosheh can remove his sandal and drop his rod as well as cover his face with his hands because he was afraid.
